## CV content description

Hello, My name is Jaldeep Dudhatra. I am a Business development manager of MERAK INFOWAY, a reputed organization in graphics design, web design and development, mobile application and other information technologies services. I am a qualified B.Tech in computer science and have an experience of 6 year in Information Technology. Today I am ably supported by a team of highly qualified and experienced people who are domain experts in their respective fields. I started off as an individual Graphic Designer and was appreciated by my clients for blending their design requirements with my creativity and delivering path breaking graphic design products. Today we are a 5 people strong team that has capability in Adobe Photoshop, Illustrator, HTML5, CSS3, Bootstrap, Javascript and jquery. Having come a long way from those days today we also offer a gamut of IT solutions to our clients. We offer development in PHP and its frameworks like CodeIgnitor, Laravel and Cake PHP. We offer CMS solutions to our clients with our expertise in Wordpress, Joomla and Magento. Today a lot of e-commerce happens using the platforms that we have delivered to our esteemed clients. We also offer our clients mobile applications across ios and android. We deliver mobile applications to our clients across frameworks like Titanium, PhoneGap, Corona and Xamarin. In short, we are your one stop shop for any IT requirement. We not only work with you but partner with you to ensure we deliver the best possible solution with minimum expense. Thank you for sparing your valuable time and going through our profile. I hope to hear from you for any of your IT requirements.
