CV content description

I am 25 years old. I'm very comfortable using computers and am confident in my ability to learn any new programs quickly. I speak fluent Russian and Ukrainian and I have basic knowledge of English (I can read and write without any difficulties). I study fast. Not married. I like reading (favorite fantasy, fantasy, cyberpunk, anti-utopia). I am responsible, good at time management, quick-thinking and hard working. I easily can find common language with different types of people.

Experience

01.08.2017 – 01.12.2016

City oncology health center (August 2017 - December 2017)

dental surgeon

During this period I was working in the head and neck department. Where I got the basic concepts of operative oncology and reconstructive surgery. Performed such operations: • As a doctor: - Tracheostomy - Removing the auricle - Removal of neoplasms of the facial skin with plastic surgery - Removing of the thyroid gland • As an assistant: - Operation Crile - Laryngectomy - Neck lymphodissection - Removing of the salivary glands - Mandibulotomy - Maxilotomy

01.08.2015 – 01.07.2017

- Internship in regional dental hospital (August 2015 - July 2017)

Dentist

Conducted surgical reception of patients - 25-30 people per shift. Manipulations I coped with: • Tooth extraction; • Removal of atypically located teeth; • Safe operations for teeth (resection of the Apex of the radix of the tooth, hemisection); • Removal of neoplasm oral cavity (retention cysts, papillomas, hemangiomas, epulis); • Open and closed alveolotomy; • Plastic surgery of the bridle; • Parodontal Surgery (gingivectomy, vestibuloplasty); • Reading X-ray images and computer tomography. Also I had experience in dental implantation.

01.08.2015 – 01.07.2017

Private practice (August 2015 - July 2017)

dentist

I was engaged in therapeutic treatment: • Caries treatment • Professional teeth cleaning.

01.01.2017 – Till the present day

City dental clinic. Doctor of emergency dental care (from January 2017 to the present day)

Dentist
